

- 25. Approve Sole Source Procurement and authorize the issuance of Purchase Orders for the purchase of Flygt Submersible Sewage Pumps for the replacement of existing pumps, with Ellis K Phelps, Apopka (Not-to-Exceed \$200,000.00 per year/5 year term).**

Environmental Services Department utilizes Flygt Submersible Sewage Pumps in the operations of the Water and Waste Water Treatment Facilities. The replacement pumps will be ordered on an as-needed basis and Ellis K. Phelps & Company is the manufacturer and authorized supplier for Flygt Submersible Sewage Pumps. The availability of these replacement pumps units refrain the County from having to rebuild entire stations (i.e. piping, rails, lids, shoe, etc).

Authorization for performance of services by the Contractor under this agreement shall be in the form of written Purchase Orders issued and executed by the County on an as-needed basis.

Environmental Services Department/Water and Sewer Division and Fiscal Services/Purchasing and Contracts Division recommend the Board to approve the Sole Source procurement and authorize the issuance of Purchase Orders on an as needed basis as long as the cumulative amount of the purchases does not exceed \$200,000.00 per year for a five (5) year period.

To: Judy Garrett/Seminole@Seminole  
cc: Tom Owens/Seminole@Seminole  
Subject: Req#2400878-Flyght Pumps

Judy,

We have had several sole sources for Flyght pumps but they have all been for a particular requisition. I have looked and can not find where one was processed for the year for an estimated total of pumps.

Please forward one for the year or for the subject requisition for the next scheduled agenda.

I will put the subject req. on hold.

Thanks....
