This new kiosk is being added within the current pricing structure by monitoring staffing in the international booth and using a non-staffed computerized kiosk during non-peak times in the domestic terminal.

These booths are being cooperatively funded by these entities at the following costs: Seminole County Tourist Development Department/CVB - \$7,200; Sanford Airport Authority - \$7,200; Orlando Sanford International, Inc - \$7,200; Sanford/Seminole Chamber of Commerce - \$3,600 and the Metro Orlando Economic Development Commission - \$3,600.

The funding for this Memorandum of Understanding is budgeted in the Tourist Development Department's 05/06 budget.

The five previously listed entities, hereafter will be referred to collectively as Info. Partners.

All parties mutually agree as follows:

ARTICLE 1 – TITLE AND DESCRIPTION OF PROJECT

Two visitor information booths are located at Orlando Sanford International Airport. One is located at the Welcome Center. This booth's primary purpose is to provide arriving passengers with information on Sanford and Seminole County, Airport information, and other miscellaneous information. From this location, booth personnel will also provide currency exchange services to passengers with the assistance of ICE Currency Exchange.

The other booth is located within the International Departure Lounge. This booth's primary purpose is to provide facility and airport information to passengers boarding departing international flights. Activity and interaction with passengers is heavy at this booth, as passengers tend to spend substantial amounts of time in the International Departure Lounge. The booth is a clearinghouse for general passenger assistance.

In addition to the two booths, an automated information kiosk will be installed in the Domestic Terminal lobby. The cost (TBD) of which will be taken equally from each partners share.

The estimated annual budget for calendar year 2006 for both information booths and kiosk is \$28,800. Split four ways, this equates to approximately \$7,200.00 per partner, with the SSSCC and EDC each paying one-half (\$3,600.00) of the fourth partnership. The SSSCC will handle invoicing and payroll, while OSI will oversee the scheduling, management and administration of both booths.

- A. Info. Partners will each pay a maximum of \$7,200.00 [the SSSCC and EDC will each pay a maximum of \$3,600.00) per calendar year to SSSCC to cover costs associated with operating both information booths. Payment for the upcoming year's operation is due by January 2006.
- B. Upon conclusion of a year of operation, any surpluses will either be distributed equally to the Partners, or rolled over into the following year's budget.

ARTICLE III – AMENDMENT

Any changes in the project's scope or services to be furnished under this Memorandum of Understanding shall be formalized by an appropriate written amendment agreed to and signed by all Info Partners detailing the exact nature of the change.
