MOTION/RECOMMENDATION:

Approve and authorize the Chairman to execute Amendment No. 1 to Project Agreement 69-4209-5-1635 and Amendment No. 2 to Project Agreement 65-4209-4-1633 between Seminole County and the United States Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) for emergency watershed protection projects from Hurricane Charley.

Countywide (Ed Torres, P.E.)

BACKGROUND:

Seminole County has awarded construction bids for all ten (10) restoration projects approved under the Emergency Watershed Protection (EWP) Program. All project bids were within the total funding allocated under the corresponding funding agreements. However, due to the project magnitude and/or associated permitting issues, a 45-day extension was requested for completion of two (2) of the ten (10) EWP projects -- Howell Creek Tributary and Sweetwater Cove.

The NRCS has agreed to the request and provided the attached amendments which extend the date of completion to August 30, 2005, for the EWP projects.
