

SEMINOLE COUNTY GOVERNMENT
AGENDA MEMORANDUM

CONTINUED FROM JULY 27, 2004

SUBJECT: LEE AVENUE (LOT 14) – APPEAL OF BOARD OF ADJUSTMENT DENIAL OF MINIMUM LOT SIZE AND SETBACK VARIANCES (Appellant Scott Ryan)

DEPARTMENT: Planning & Development **DIVISION:** Planning

AUTHORIZED BY: Donald S. Fisher **CONTACT:** Tony Walter **EXT.** 7375

Agenda Date 8/10/04 Regular Consent Work Session Briefing
Public Hearing – 1:30 Public Hearing – 7:00

MOTION/RECOMMENDATION:

1. UPHOLD the Board of Adjustment's decision to deny a minimum lot size variance from 43,560 square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue; (Scott Ryan appellant); or
2. REVERSE the Board of Adjustment's decision to deny a minimum lot size variance from 43,560 square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue; (Scott Ryan appellant); or
3. CONTINUE the request to a time and date certain.

Commission District #1 Maloy

Tony Walter, Assistant Planning Manager

BACKGROUND: This appeal was continued from the July 27, 2004 BCC meeting at the applicant's request.

GENERAL INFORMATION	Appellant:	Scott Ryan
	Location:	Lee Avenue
	Zoning:	A-1 (Agriculture District)
	Land Use:	LDR (Low Density Residential)

BOARD OF ADJUSTMENT DECISION:

At its May 24, 2004 regular meeting, the Board of Adjustment denied the request for a minimum lot size variance from 43,560

File No. ph700pdp05

square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue. On June 7, 2004 the appellant, Scott Ryan, appealed the Board of Adjustment's decision to the Board of County Commissioners.

STAFF RECOMMENDATION:

Uphold the Board of Adjustment's decision to deny a minimum lot size variance from 43,560 square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue.

STAFF REPORT

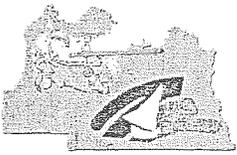

BACKGROUND/ REQUEST	<ul style="list-style-type: none"> • The applicant proposes to construct a home on a vacant, nonconforming lot of record that is deficient in the A-1 district minimum lot size. • There is no record of previously granted variances on this property. • The property is a lot of record on the 1971 Tax Rolls and shown on Page 6 of Plat Book 1. • The applicant owns the adjacent 4.58 acre property to the north, Lot 002A. • Based on the submitted site plan, the proposed residence would encroach into both the minimum front and rear yard setbacks; the aforementioned variances are thereby requested.
--------------------------------	---

The Board of County commissioners shall have the power to hear and decide appeals from the Board of Adjustment decisions, including variances the Board of Adjustment is specifically authorized to pass under the terms of the Land Development Code upon determination that the following provisions of Section 30.43(b)(3) as satisfied:

STAFF FINDINGS	<p>The applicant has failed to demonstrate a hardship for the granting of the requested variances, as stated below:</p> <ul style="list-style-type: none"> • The subject property is a non conforming lot of record, which does not meet the minimum lot size standard of the A-1 District. While the lot exceeds the 150 FT width at building line standard, the buildability of the lot is nearly reduced to zero when the respective 50 ft and 30 ft front and rear yard setbacks are applied to a lot depth of 83 ft. • However, the applicant owns the adjacent 4.58 acre property to the north, lot 002A thus having the opportunity to combine the subject property with the abutting parcel and negate the need for the requested variances, pursuant to Comprehensive Plan Policy FLU 3.2. This property also has LDR (Low Density Residential) land use and A-1 (Agriculture District) zoning. <p>Policy FLU 3.2 Antiquated Plats – The County shall continue to resolve land use compatibility, environmental and infrastructure issues related to antiquated plats by way of, but not limited to, the following techniques:</p> <ol style="list-style-type: none"> 1. Requiring the combining of lots; and 2. Allowing for replatting and vacating and abandonment procedures.
-----------------------	--

STAFF RECOMMENDATION	<p>Based on the stated findings, staff recommends the Board of County Commissioners <u>uphold</u> the Board of Adjustment's decision to deny a minimum lot size variance from 43,560 square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue.</p>
	<p>If the Board should decide to <u>reverse</u> the Board of Adjustment's decision to deny a minimum lot size variance from 43,560 square feet to 17,845 square feet, a front yard setback variance from 50 feet to 10 feet and a rear yard setback variance from 30 feet to 10 feet for Lot 14, Lee Avenue, staff recommends the following conditions of approval:</p> <ul style="list-style-type: none"> • Any variance granted shall apply only to the subject property, as depicted on the attached site plan; and. • Any additional conditions(s) deemed appropriate by the Board, based on information presented at the public hearing.

**Excerpt of the Minutes for the Seminole County Board of
Adjustment
May 24, 2004
6:00 P.M.**

Members Present: Mike Hattaway, Chairman, Lila Buchanan, Alan Rozon, Mike Bass and Bob Goff

Staff Present: Earnest McDonald, Principal Coordinator, Matt West, Planning Manager, Tony Walter, Assistant Planning Manager, Kathy Fall, Senior Planner, Francisco Torregrosa, Planner, Arnold Schneider, County Attorney, Patty Johnson, Sr. Staff Assistant

PUBLIC HEARING ITEMS

VARIANCES:

1. **(LOT 14) LEE AVENUE** - Scott Ryan, applicant; Request for (1) minimum lot size variance from 43,560 square feet to 17,845 square feet and; (2) front yard set back variance from 50 feet to 10 feet and; (3) rear yard setback variance from 30 feet to 10 feet for a proposed home in the A-1 (Agriculture District); Located at the northern terminus of Lee Avenue, approximately 0.3 mile north of the intersection of Lee Avenue and Lake Harney Avenue; (BV2004-063).

Tony Walter, Assistant Planning Manager

Tony Walter introduced the location of the application and stated that staff recommended denial of the request, unless the applicant could demonstrate a hardship.

Karen Kassik stated that she was representing the applicant, Scott Ryan in his absence. She further read a letter from Scott stating that he purchased two parcels of land, the smaller parcel being the Lee Avenue parcel and the second parcel, which is the larger parcel to the northeast. She further stated from the letter that he had no intentions of joining the properties. She stated that he wanted to build a speculative home on the Lee Avenue parcel and leave the larger parcel open for future development. She also stated that his home would be consistence with the homes in the neighborhood.

Matt Russ stated that he had a letter from nine residents in opposition of the request. He also stated that this requested house would be to close to the existing houses. He further stated that as residents they were concerned about their property values. He also stated that there was no

hardship and the ordinances are in place to oppose this type of situation. He lastly stated that if this was approved it would be setting a prescient with the property next to him.

Reggie Davidson stated that his property is the biggest lot in the neighborhood and he can't see a small house in this neighborhood. He also stated that the size of his house is 2,400 square feet and the trees make the neighborhood.

Karen Kassik stated that at some point the large parcel to the east of Lee Avenue would be developed and this would take away the neighbors privacy. She also stated that a single family residence would not be detrimental.

Mr. Goff made a motion to approve the (1) minimum lot size variance and; (2) a 25 feet front yard set back variance and; (3) a 10 feet rear yard set back variance.

The motion dies for a lack of a second.

Mrs. Buchanan made a motion to deny the request.

Mr. Bass seconded the motion.

The motion passed by (3-2) consent. Mr. Hattaway and Mr. Goff were in opposition

Message

Attn. Seminole County Planning Division-

The attached letter is objection to the proposed rezoning and setback variance for (Lot 14) Lee Avenue, scheduled for a public hearing on May 24, 2004. This letter has been drafted and signed by 10 neighbors in the adjacent residential area, living on Woodcrest Way.

We will have representatives attend the public hearing on the 24th to present our oral input as well.

Thanks for allowing our input into this matter.

May 18, 2004

Dear Seminole County Planning Division,

RE: We the undersigned are writing to express our clear and strong opposition to the request for a rezoning/lot size variance of Lot 14 (Lee Avenue).

As residents of the Garden Grove subdivision, we have lived on Woodcrest Way for many years, some in-fact, over twenty-five years. Our opposition to the above request is based upon the following facts and rationale:

1. It is our position that the special exception requested is uniquely inappropriate in an established and fully developed neighborhood where all surrounding property owners are in compliance with the existing setback requirements.
2. The existing land use restrictions that have created our neighborhood's character and charm (spacious lots with mature landscaping) would be irreparably undermined if this variance request is approved.
3. There is extreme concern with the close proximity of the proposed building to surrounding property owners' lot lines and the proposed excessive breach of the existing setback requirements. Our concerns are threefold: Visual, Functional & Need.
 - a. Visual, in that the proposed structure will appear fundamentally out of place in the midst of a well planned neighborhood conforming to uniform setbacks.
 - b. Functional, in that issues relating to noise from voice, vehicles, maintenance equipment and pets as well as the placement of mechanical air handling equipment, yard use, parking and storage of personal belongings will have no buffers as exist within present setbacks.
 - c. Need - The land use and setback restrictions were in effect prior to the "developer's" purchase of the property. The "need" for this request is clearly financial gain. We feel the granting of a variance should not be considered based on the financial gain of an individual but rather upon the established principles of sound land use planning.
4. The purpose for the setback ordinance itself would be needlessly compromised as there is no reported legitimate need for this variance to justify granting a special exception or variance aside from the singular financial gain of the developer.
5. There is reasonable concern over the potential negative impact the proposed building project would have on surrounding property values... properties that have been invested in for over 25 years.
6. The proposed setbacks are excessive... three times or sixty percent less than the present (existing) setback requirements.
7. If this variance is granted, it is our firm conviction and belief as property owners, that we may suffer irreversible damages.

Please allow us to remind the board that most of us purchased our homes after researching the nearby properties and zoning restrictions. We put our faith in planning commissions to uphold the

zoning and property restrictions in the future against unnecessary and unreasonable changes or variances. To us the right decision is "cut-and-dried": Support a community of neighbors with over 25 years of homeownership, who only have one place to call "home" or support an upstart personal investment idea that requires an outrageous distortion of the minimum setbacks to realize a profit.

We encourage the legal development of land surrounding our properties but we do not wish to see our homes adversely impacted by the potential development aspirations of Mr. Ryan, who already owns three other income/rental properties in Oviedo. We acknowledge that the board cannot make their decision based on whether this property will be owner occupied or a rental, but we as established homeowners can express our concern with the thought of having income property built behind our neighborhood inconsistent with established setbacks, and this makes his request even more difficult to embrace.

Progress and development are facts of life. Having a house built behind one's established home is a reality and is in most cases desirable. But when the proposed building project is grossly inconsistent with neighboring setback requirements and the variance request differs significantly from the established communities of Garden Grove and historic Lake Charm Circle, *we feel that to grant this request would be a disgrace to the surrounding property ownership and contrary to sound, equitable and balanced community planning.*

We are asking you to render the only fair and equitable decision possible...**DENY THIS REQUEST.**

We appreciate your time and extending to us the ability to provide this input into your decision. Thank You
