

## OTHER

18. **Approve Proprietary Source Procurement and authorize the issuance of a Purchase Order for the purchase of the annual ESRI Maintenance with ESRI, Inc, Redlands, CA (\$60,309.52).**

ArcInfo/View/GIS/SDE/IMS and editor maintenance software will provide for the maintenance of ESRI software currently running on various hardware on the County's platforms. The maintenance agreement consists of both phone support for installation, troubleshooting and problem reporting, as well as, software upgrades for that maintenance support. The County has over the years migrated from primarily server centric software to enterprise wide distributed software supported by both a conventional data library maintained on an aging UNIX platform and the County next generation SQL SDE database installed last year. Both these libraries in turn provide input to Arc Internet Map Server (ArcIMS) web enabled software for service provision via the web, as well as, to the County internal network serving both County and member municipality staffs "live".

This is a budgeted project and funds are available in account numbers 140300.530460 (Information Service, Repairs and Maintenance). Information Technologies and Fiscal Services/Purchasing and Contracts Division recommend the Board authorize the Proprietary Source Procurement and authorize the issuance of a Purchase Order.

PROPRIETARY SOURCE

Date Submitted: 08/02/04	Requester: Al Hill
Requisition No: 5474	Dept./Div. Name: IT/IS-GIS
Item Description: ESRI Server SW Annual Maintenance	
Your Selected Vendor's Name: ESRI, Redlands, CA	
Vendor's Address: 380 New York St Redlands, CA 92373-8100	
Vendor's Phone #: 800 447 9778	Contact Name: Holly Williams
Justification, state why this is the only item which will fulfill your needs: This software is written, maintained, and marketed by ESRI (see attached sole source memo from ESRI). While their PC products are sold through outside vendors, mainframe and mini software and all maintenance support has historically been sold by the parent company due to licensing issues. This support includes unlimited phone support during normal business hours and software upgrades for all covered software. The County has standardized on ESRI GIS SW products since 1994 and this maintenance has been maintained annually since 1995.	
Comment and/or verify if there are other sources of supply that meet this need:

Subject: ESRI Sole Source Justification for Geographic Information System Software and Maintenance

Dear Stacy:

This letter confirms that ESRI, as owner and manufacturer, is the only source from which *all* ESRI® software and maintenance services can be ordered. ESRI is the sole domestic source for the purchase of the following software licenses:

ArcInfo™, ArcInfo Workstation extensions (ArcNetwork™, ArcCOGO™, and ArcScan™), ArcEditor™, ArcGIS Server™, ArcGIS Server extensions (Spatial Option, 3D Option and StreetMap Option), ArcSDE™, ArcGIS Schematics, NetEngine™, Maplex 3.x, Military Overlay Editor (MOLE™).

ESRI is the sole domestic provider of software maintenance for all ESRI software (technical support plus ESRI software updates/upgrades).

ESRI distributes certain software licenses through valued added resellers and distributors, excluding those listed above.

ESRI is also the sole source of certain proprietary training courses.

If you have further questions, please feel free to call our Contracts Department at 909-793-2853, extension 1550. A copy of your maintenance quote is attached.

Sincerely,

Holly Williams
