

TERM CONTRACTS

28. **Approve Amendment #1 to IFB-3056-03/JVP - Term Contract for the Purchase of Water Meter Boxes and Covers, with National Waterworks, Orlando (Price Increase) (Term Contract).**

IFB-3056-03/JVP provides for all necessary labor, materials, equipment, transportation, coordination and incidentals necessary to provide water meter boxes and covers to be used by Environmental Services/Water & Wastewater Division on multiple projects throughout the County.

Amendment #1 will provide for a price increase due to the escalations in costs associated with the materials of the waterworks industry. The current Contractor, National Waterworks, Orlando requested an increase for all contracted items. Based on a current Market Survey, the proposed costs with the exception of three line items were found to be competitive and reasonable. These three line items are not considered to be reasonable, and therefore these items will be obtained through another vendor. The list of products and the market survey information are included as part of the backup documents.

Environmental Services /Waste & Wastewater Division and Fiscal Services/Purchasing and Contracts Division recommend the Board to approve the amendment and authorize the County Manager to execute the amendment as approved and prepared by the County Attorney's Office.
