- 2. DENY the requested rezone from A-1 (Agriculture) to R-1A (Single Family Dwelling District) for a 5.0-acre site located on the east side of Mikler Road, 600' south of Red Bug Lake Road, (Roberto Ramon, applicant); or
- 3. CONTINUE the item to a time and date certain.

District 1 – Dallari Jeff Hopper-Senior Planner

BACKGROUND:

The applicant proposes a rezoning from A-1 to R-1A on a 5-acre site, located on the east side of Mikler Road, approximately 600 feet south of Red Bug Lake Road. The requested zoning classification allows single family development on lots having a minimum area of 9,000 square feet and a minimum width at building line of 75 feet. The Low Density Residential future land use designation allows a maximum density up to 4 dwelling units per net buildable acre. Section 30.1380.3 of the Land Development Code requires the application to undergo a lot compatibility analysis. This analysis supports the requested zoning classification.

PLANNING & ZONING COMMISSION RECOMMENDATION:

On August 3, 2005, the Planning & Zoning Commission voted 6-0 to recommend APPROVAL of the request.

STAFF RECOMMENDATION:

Staff recommends APPROVAL of the request to rezone a 5.0-acre site

OVERVIEW

The applicant proposes a rezoning from A-1 to R-1A on a 5-acre site, located on the east side of Mikler Road, approximately 600 feet south of Red Bug Lake Road. The requested zoning classification allows single family development on lots having a minimum area of 9,000 square feet and a minimum width at building line of 75 feet. The Low Density Residential future land use designation allows a maximum density up to 4 dwelling units per net buildable acre. Section 30.1380.3 of the Land Development Code requires the application to undergo a lot compatibility analysis. This analysis supports the requested zoning classification.

The analysis evaluates appropriate zoning for a given parcel on the basis of existing zoning on surrounding properties within 660 feet. The calculations assign differing weights to the various districts according to permitted development intensities within those districts. For example, the R-1A district, with a minimum lot size of 9,000 square feet, has a weight factor of 8, while R-1AAAA, requiring half-acre lots, has a weight factor of 5. Properties zoned for Agriculture (A-1) receive a base weight of 4, but additional points can be assigned where water, sewer, and paved roads are available, for a maximum of 7. Weighting factors, together with the acreage of each zone within the 660-foot radius, determine the "compatible" zoning for the subject property.

The analysis area adjoining this request on the south is developed as single family residential with lot sizes of approximately 9,000 s.f., consistent with the proposed R-1A on the subject property, and the LDR future land use designation. Undeveloped property to the east remains in agricultural zoning, but also carries the LDR future land use designation. To the north is an approved PCD permitting low intensity commercial uses at the southeast corner of Mikler and Red Bug Lake Roads. At the southwest corner of the same intersection is an assisted living facility. To the west of the site, across Mikler Road, is an existing subdivision in R-1A having lots of 11,600 square feet in size or larger.

The lot compatibility analysis yielded a weight rating of 9.66, which corresponds to R-1B, a district allowing more intense development than the requested R-1A.

Public Facilities	Existing Zoning (A-1)	Proposed Development*	Net Impact
Water (GPD)	1,400	6,650	5,250
Sewer (GPD)	1,400	6,650	5,250
Traffic (ADT)	38	182	144
Schools			
Elementary	1.0	4.0	3.0
Middle	1.0	2.0	1.0
High	1.0	3.0	2.0

2. The proposed rezone is consistent with the adopted LDR future land use designation, and does not alter the options or long range strategies for facility improvements or capacity additions included in the Support Documentation to the Vision 2020 Plan.
3. The site is in the Seminole County water and sewer service area.

Compliance with Environmental Regulations: At this time there are no concerns regarding compliance with environmental regulations.

Compatibility with Surrounding Development: The proposed R-1A zoning is compatible with the LDR future land use designation.

Intergovernmental Notice Process: Intergovernmental notice to cities is not required since none are affected. Staff sent an Intergovernmental Notice of the proposed rezone to the Seminole County School Board on August 18, 2005.

PLANNING & ZONING COMMISSION RECOMMENDATION:

On August 3, 2005, the Planning & Zoning Commission voted 6-0 to recommend APPROVAL of the request.

STAFF RECOMMENDATION:

Staff recommends APPROVAL of the request to rezone a 5.0-acre site located on the east side of Mikler Road, 600' south of Red Bug Lake Road from A-1 (Agriculture) to R-1A (Single Family Dwelling District) from A-1 (Agriculture) to R-1A (Single Family Dwelling District).
