**Agenda Date** 10/28/03 **Regular**  **Consent**  **Work Session**  **Briefing**   
**Public Hearing – 1:30**  **Public Hearing – 7:00**

**MOTION/RECOMMENDATION:**

Brief the Board of County Commissioners on the current status of the Orlando Sanford International Airport Economic Development Plan.

**BACKGROUND:**

The Orlando Sanford International Airport (OSIA) is a targeted area for development as recognized in the Economic Development Strategic Plan (2003) and the Vision 2020 Comprehensive Plan. In cooperation with OSIA and the City of Sanford, staff prepared an Economic Development Plan for the airport and surrounding areas. The main purpose was to consolidate the three entities plans in order to better identify economic development opportunities for the OSIA commerce park and surrounding areas and to ensure that the activities performed by the County and the City are in support of current and future activities of OSIA. The overall goal is to accelerate and maximize the economic development potential of OSIA by providing the necessary public facilities and infrastructure, land use and regulations and business development activities. Included in the plan are the following three goals:

1. Area specific land development regulations and public awareness
2. Business development activities
3. Identification of anticipated facilities and services with timelines
