MOTION/RECOMMENDATION:

Approve and authorize the Chairman to execute a Resolution for modification of the speed limit on Longwood Markham Road and Markham Road from State Road 46 to Orange Boulevard.

BACKGROUND:

Longwood Markham Road and Markham Road are two-lane rural collectors that extend south and east, respectively, from SR 46 and terminate at Orange Boulevard. At the request of the Sheriff's Office, Traffic Engineering completed speed studies to determine the need to provide a consistent speed limit posting. Currently, the posted speed limits are 35 mph, 40 mph and 45 mph along this 4.2 mile length of roadway.

Based on current roadway conditions, residential development and existing travel speeds, the 35 mph and 45 mph speed limits are no longer applicable. Therefore, a Resolution has been prepared to eliminate the 35 mph and 45 mph segments and to post this entire 4.2 mile length of roadway at 40 mph.
