

GRANT APPLICATION

GRANT

(For Official Use Only)

Redevelopment/Construction Grant Application

Date: 4/9/14

Applicant: Headquarter Hyundai

Address: 3775 N. US Hwy 17-92, Sanford, 32773

City: _____ Zip Code: _____

Phone/Cell # 401-644-2764 E-Mail s.lillibridge@hghyundai.com

Project Contract Person if different from Applicant: _____

Phone: Same

E-mail: _____

Mailing Address: _____

Application Preparer (if different than owner): Same

Phone: _____ - _____ - _____

E-mail: _____

Mailing Address: _____

Note: If the Applicant is not the property owner, Applicant must submit Addendum A with the application.

I. SITE IDENTIFICATION AND HISTORY

SITE INFORMATION

1. Name of Site or Business Name: Headquarter Hyundai

Site Address: 3775 N. US Hwy 17-92

City, County or Township: Sanford, Fl. Zip Code: 32773

Acreage of Site: 5 acres Bldg. Sq. Ft.: See attached

County Commission/City Commission District# 4 A B

GRANT

CURRENT AND FUTURE LAND USE

2. Zoning/Land Use:

A. Current: Industrial _____ Commercial _____ Residential _____
Mixed-use _____ Other (Specify) _____

B. After Re-Zone (if applicable): Industrial _____ Commercial _____ Residential _____
Mixed-use _____ Other (Specify) _____

3. Current economic condition:

Vacant lot _____ Developed site Other _____

4. How many buildings are currently on site? ~~3~~ 7

Industrial _____ How many are occupied? _____ If vacant, for how long? _____

Commercial How many are occupied? ~~3~~ 7 If vacant, for how long? _____

Residential _____ How many are occupied? _____ If vacant, for how long? _____

5. Year building(s) was/were built: 1977 - 2011

6. Please describe the condition of the buildings on the site (Digital photo file attachment highly recommended but not required).

GRANT

8. Describe how the redevelopment of the site will increase Public Safety.
Improve visibility - better quality sign with code upgrades

N/A

15. Would you agree to provide an easement to establish a bus shelter if appropriate or requested? *✓* Yes No

GRANT

I, Shane Lillibridge, attest that the information contained herein is correct to the best of my knowledge. I further understand that the US 17-92 Mini-Grant Program benefits are contingent upon funding availability and US 17-92 CRA approval, and are not to be construed as an entitlement or right of a property owner or Applicant. Properties within the designated US 17-92 CRA boundary are not eligible for US 17-92 CRA funded programs when such funding conflicts with the goals expressed in the US 17-92 CRA Community Redevelopment Plan. I further understand that I am responsible for providing construction documents and/or permits required for any work, and hold Seminole County harmless for any damages associated with this application or the US 17-92 Mini-Grant Program

Terms and Conditions

Deposit

Upon approval of the Facility Branding Order Request, Dealer's Parts account will be billed the greater of \$25,000 or 33% of the Estimate Site Total below. The remaining balance will be billed upon installation completion.

Delivery

Delivery time is six (6) weeks from Permit Approval.

Freight

Freight prices are estimated on an individual order basis. Actual freight charges will be billed at cost.

Installation

Installation prices are based on the complete sign package being installed at one time.

Conditions of Install Pricing

AGI's installation pricing is based on the following "Defined Parameters" known to be common at "typical" new locations. Dealer hereby accepts all such Defined Parameters. If AGI requires additional monies due to unanticipated problems, AGI shall submit a "Change Order Request Form" with the estimated additional cost set forth for the Dealer to review and authorize said additional work. AGI shall not commence any work until the "Change Order Request Form" has been fully executed by Dealer or an authorized representative of the Dealer and returned to the designated Field Activities Manager (FAM) at AGI.

The Defined Parameters are as follows:

- A. Dealer at his or her own expense will provide site conditions that are ready for installation to prevent downtime. Dealer to move all vehicles from the installation work area prior to commencement of installation.
- B. Pricing assumes installation work will occur during normal working hours.
- C. For all new footings, pricing assumes normal soil conditions. Dealer shall be responsible for any and all additional costs which result from installation encountering unusual conditions: including but not limited to: required breaking of surface asphalt, excavation through concrete surface, or overcoming underground obstructions such as rock formations, landfill, utility lines, frost, etc. These items will be billed as an extra charge, subject to prior Dealer approval. AGI will "Make Good" the surface around each Gateway support foundation. Making good will be undertaken with smooth floated concrete arising from the foundation works. This finish may not match the existing finish of the surrounding surface, by means of color or texture. At the Dealer's request, AGI will supply custom refinishing to match the existing finish as close as possible, which will be billed as an extra charge subject to Dealer's prior approval.
- D. Dealer to ensure that all walls where signs are to be installed have the structural integrity needed to support the weight of the signs and that there is adequate access for installation and electrical hookup. For channel letters, logos and fascia signs, AGI's recommendation is that all wall areas have a minimum of 3/4" plywood backing. Pricing on channel letters, logos, and fascia signs assumes that building walls are adequate to support the products being installed using standard anchoring methods. Any wall reinforcement or other special anchoring will be billed as an extra charge subject to prior Dealer approval. In addition to the reinforcement discussed above for channel letters, logos, and fascia signs, the "Blue Box Architectural Element" will require additional structure behind the wall to support the size and weight of the element. As part of the quote, AGI will provide an estimate of the cost to add this structural support. The actual cost of the work will be finalized during the engineering process. This work will be billed to the dealer at invoiced cost to AGI + a 15% mark up. The dealer is allowed to self-perform the work, but the work must be done to the engineering standards required by AGI. Dealer shall be responsible for any and all additional costs and extra charges that result from Dealer's failure to satisfy and comply with structural requirements.

- E. Dealer to provide adequate electrical service to within 5' of all building and ground signs prior to installation. Dealer is responsible for access required for mounting and electrical connection on all building-mounted signage. All illuminated signage requires 120-volt service and one 20-amp circuit, with the exception of the 400 LL Kit Channel Letters and Logo installed on an existing blue box, which requires three circuits. Pricing includes making electrical connections at the sign base or at the point of wall attachment assuming an adequate circuit exists at time of installation. Please refer to the attached "Sign Requirements and Notes." Please advise AGI of any secondary underground utilities (i.e.: sprinklers, secondary lot lights) you may have on your property. Dealer to provide appropriate time clock/photocell for all sign circuits. The continuous illumination of signs will greatly reduce the life expectancy and impact the warranty of your new signs.
- F. Permits as required will be billed at actual costs. Staff time to secure permits will be billed at \$ 65.00 per hour. Any special artwork, special engineering drawings required to secure permits, DRB/Variance Hearings will be billed as required subject to prior Dealer approval. Supporting documentation to be supplied with invoice.

Removal of Old Signs

AGI will remove and destroy the existing signage as part of the scope of the project. The removal includes cutting off the main brand sign at the grade level. Standard scope of work does not include removal of concrete base sill. The Dealer is responsible for patching and painting of all fascia areas between the removal of existing signage and the installation of new signage. This will be coordinated by the FAM. If additional work is required of AGI beyond the contract scope, such work shall be authorized by the Dealer.

Landscaping

Dealer to provide all landscaping as needed around ground signage, after such signs have been installed.

Payment Terms

Dealers Part Account will be debited based on payment option chosen on FBOR after installation has been completed, less deposit paid upon FBOR approval. Dealer and AGI acknowledge that Hyundai Motor America has no legal obligation to be responsible for any of the expenses, fees, or costs which may result in the course of installing said signs. The agreement for manufacturing/installation of signs is exclusively by Dealer, and Dealer shall be responsible for all expenses, fees, or costs as set forth herein and as incurred in the course of installation. The aforementioned proposal will be contingent upon Dealer obtaining all governmental approvals and permits if not obtained by AGI.

By your signature below and return of this contract with your completed FBOR form to AGI, you acknowledge acceptance of the aforementioned signs, pricing, terms, and conditions contained herein.
