ADDENDUM #3

Total pages: 3

The information included in this Addendum revises, clarifies, or supplements the specifications and other provisions of the contract documents and is considered part and parcel to the RFP/BID Package.

Question submitted by Dan Bredwell:

The specifications for the shelving indicates that row 8 is a 12' wide row, but I do not see row 8 on the drawing supplied at the pre bid meeting. The bid packet also indicates that rows 1-7 are all the same length but the drawing shows row 7 slightly shorter than the rest. Please advise on how to proceed with the layout for accurate pricing.

Response:

Row 8 was removed from drawings and should be removed from specifications. Row 7 is shorter than other rows because of working room around Option 1 (VRC). If Option 1 is not accepted, row 7 will be same length as rows 1 to 6.

The bid due date and time will remain the same unless a submitter recommends an extension.

Failure to acknowledge receipt of this addendum on the submittal may result in disqualification of your bid response.
