Dear Sir/Mam,

My name is Carl Carothers and I reside at 3936 Emerald Estates Circle. I am in receipt of the Notice of Public Hearing regarding the potential expansion of the daycare at by Dave and Jennifer Kruse.

I am writing to let you know that my wife and I are strongly opposed to any expansion of this business. We have lived in Emerald Estates for 3 years and knew when we bought our lot that it backed up to the daycare center. What we did not realize however was the **noisy disturbance that emanates from this facility as early as 7 a.m. on weekday mornings and lasts as long as 12 hours.** If we were to play music or create a similar disturbance that early chances are pretty good that we'd be cited by the Seminole county sheriff department.

A six foot brick wall is the only buffer between our property and the daycare center. On most days we come home to a backyard filled with the loud noises typical of young children at play. **Toys, balls, trash, and other debris are often thrown over the brick wall and into our yard or onto our screen enclosure as well the adjacent lots.** Again, typical child behavior but certainly not something we'd like to see on a larger scale.

The traffic drop off area accommodates approximately 6 cars at a time which creates delays on McNeil Rd as well as a potential traffic hazard during drop off/pick up hours. McNeil Rd is a two lane road with no center turning lane and was not designed for the existing much less expanded facility. **In addition the daycare has acquired a school bus that is parked on the far east lot boundary making for an unsightly backdrop and possible code violation.**

I will be contacting the other Emerald Estate residences along the west end of our subdivision as well as the Emerald Estates Homeowners Association for their support against the school's expansion plans.

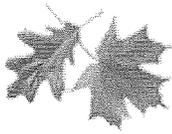

This once rural area of Seminole county is now bordered by a number of single family residences and is not suitable for a daycare the size of a small elementary school. I understand that legacy issues protect the school in it's current size and location but **am asking you to deny expansion plans that would threaten more than a dozen homesites, their tranquility, and property values.**

I plan on being in attendance on Monday June 27 to make sure my voice is heard.

Regards,

Carl Carothers

We are opposed to such expansion As is the day care causes disturbance in our neighborhood mainly Loud noise since early mornings. Such an expansion implicates that our houses will be even closer to the day care building which, would increment the noise. I think a preschool of 186 students is not suitable in such limited sapce with limits so close to a development of the size of Emerald Estates.

Dear Government Officials:

This letter is to explain the nature and purpose for the expansion of Happy Faces Prep School, located at 3612 McNeil Road, Apopka, Florida 32703. The goal is to expand the current preschool building in order to increase the student capacity by 57 students from 129 students to 186 students.

Happy Faces is a quality preschool program in a rapidly growing community. The preschool cannot currently meet the demand of our community families. The school turns away students on a weekly basis.

For quality indicators: Happy Faces is on of the few Florida state gold seal accredited preschool programs.

- Supportive data: The last survey done and publicly presented by Seminole County School Readiness Coalition (Fall 2004) determined the number of Seminole accredited preschool programs at 22. Accreditation certificate attached.

Happy Faces was one of seven programs to receive a 100% kindergarten readiness score.

- Supportive data: Seminole County School Readiness Coalition recognized Happy Faces publicly for that achievement (~152 programs were evaluated in Seminole county). Certificate attached.

A demographic study done by the Claritis Corporation in March 2005 supports a preschool expansion at this location within this community.

The intent of this expansion is to provide two more preschool classrooms and an all-purpose hall for enrichment activities, after school programs and parent events. A larger, modern kitchen and additional parking are included to support the expansion implementation.
