AGENDA MEMORANDUM

(continued from the 10/30/06 public hearing)

SUBJECT: Request for a width at the building line from 90 feet 73.75 feet for a proposed home in the R-1AA (Single Family Dwelling District); (William Hasson, applicant).

DEPARTMENT: Planning & Development **DIVISION:** Planning

AUTHORIZED BY: Kathy Fall **CONTACT:** Kathy Fall **EXT.** 7444

Agenda Date 12/04/06 **Regular** **Consent** **Public Hearing – 6:00**

MOTION/RECOMMENDATION:

1. **APPROVE** the request for a width at the building line from 90 feet 73.75 feet for a proposed home in the R-1AA (Single Family Dwelling District); (William Hasson, applicant); or
2. **DENY** the request for a width at the building line from 90 feet 73.75 feet for a proposed home in the R-1AA (Single Family Dwelling District); (William Hasson, applicant); or
3. **CONTINUE** the request to a time and date certain.

GENERAL INFORMATION	Applicant: Location: Zoning: Subdivision:	William Hasson 418 Lake Boulevard R-1AA Loch Arbor Fairlane
BACKGROUND / REQUEST	<ul style="list-style-type: none"> • The applicant is proposing to construct a single family home on a platted lot which does not meet the required 90 foot width at the building line. • There are currently no code enforcement or building violations for this property. • There is no record of prior variances for this property. 	
STAFF FINDINGS	The applicant has satisfied the criteria for the grant of a variance. Staff has determined that:	

	<ul style="list-style-type: none">• Special conditions or circumstances exist, which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures or building in the same zoning district. <i>Special conditions exist because the lot was platted in 1955 prior to the adoption of the Land Development Code in 1960.</i>• Special conditions and circumstances did not result from the actions of the applicant. <i>The applicant owns lot 17 & 18 but these lots have been under separate legal descriptions. Therefore, when the existing single family home was constructed on the adjacent lot (lot 18) in 1956, lot 17 was under separate tax identification number.</i>• The granting of the variance requested would not confer on the applicant special privileges that are denied by Chapter 30 to other lands, buildings, or structures in the same zoning district. <i>The majority of the platted lots in the surrounding area do not meet the 90 foot width at the building line requirement of zoning district.</i>• The literal interpretation of the provisions of Chapter 30 would deprive the applicant of rights commonly enjoyed by other properties in the same zoning classification. <i>Other platted lots in the Loch Arbor Fairlane plat have been developed. These lots are smaller than the requested variance of 73.75 width at the building line. There are platted lots in which the homes were constructed on two lots. These homes are in the middle of the two platted lots unlike the applicant's property where the home is on the separate platted lot.</i>• The variance granted is the minimum variance that will make possible reasonable use of the land, building or structure. <i>The platted lot meets the minimum lot size requirement of the district and there are no yard setback variances requested in order to construct a single family home. Any setback variances that would be requested for this lot would not receive staff's recommendation.</i>• The applicant would not retain reasonable use of the land, building or structure without the granting of the variance. <i>The platted lot could not be developed unless their was a variance granted for the width at the building line.</i>
--	---

	<ul style="list-style-type: none">• The grant of the variance would be in harmony with the general intent of Chapter 30. <i>The requested variance is in harmony with the other regulations contained in Chapter 30.</i>
STAFF RECOMMENDATION	<ul style="list-style-type: none">• Based on the stated findings, staff recommends approval of the request, based upon the following conditions:<ul style="list-style-type: none">• Any variance granted shall apply only to the platted lot as depicted on the attached site plan; and• Any additional condition(s) deemed appropriate by the board, based on information presented at the public hearing.

Fee: \$150.00 plus \$50.00 for each additional variance
