<b>BACKGROUND / REQUEST</b>	<ul style="list-style-type: none"><li>• The applicant proposes to enclose an existing garage which encroaches 24.6 feet into the required 50-foot front yard (west) setback and encroaches 24.45 feet into the required 50-foot front yard (south) setback. The existing home and garage were constructed in 1958.</li><li>• The applicant also proposes to construct an addition on the north side of the home that would encroach 24.6 feet into the required 50-foot front yard (west) setback.</li><li>• There are currently no code enforcement or building violations for this property.</li><li>• There is no record of prior variances for this property.</li></ul>
<b>STAFF FINDINGS</b>	<p>The applicant has not satisfied the criteria for the grant of a variance. Staff has determined that:</p> <ul style="list-style-type: none"><li>• No special conditions or circumstances exist, which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures or building in the same zoning district.</li><li>• Special conditions and circumstances result from the actions of the applicant.</li><li>• The granting of the variance requested would confer on the applicant special privileges that are denied by Chapter 30 to other lands, buildings, or structures in the same zoning district.</li><li>• The literal interpretation of the provisions of Chapter 30 would not deprive the applicant of rights commonly enjoyed by other properties in the same zoning classification.</li><li>• The variance requested is not the minimum variance that will make possible reasonable use of the land, building or structure.</li><li>• The applicant would still retain reasonable use of the land, building or structure without the granting of the variance.</li><li>• The grant of the variance would not be in harmony with the general intent of Chapter 30.</li></ul>

<b>STAFF RECOMMENDATION</b>	<p>Based on the stated findings, staff recommends denial of the request, unless the applicants can demonstrate that all six criteria under the Land Development Code for granting a variance have been satisfied. If the Board should decide to grant a variance, staff recommends the following conditions of approval:</p> <ul style="list-style-type: none"><li>• Any variance granted shall apply only to the addition and garage enclosure as depicted on the attached site plan; and</li><li>• Any additional condition(s) deemed appropriate by the Board, based on information presented at the public hearing.</li></ul>

## SEMINOLE COUNTY DENIAL DEVELOPMENT ORDER

On June 22, 2009, Seminole County issued this Development Order relating to and touching and concerning the following described property:

LEG LOT 16 PALM PLACE PB 10 PG 65

(The aforescribed legal description has been provided to Seminole County by the owner of the aforescribed property.)

### FINDINGS OF FACT

**Property Owner:** Buryl O Jr & Marie Bradham  
411 Belle Ave  
Sanford FL 32771

**Project Name:** Belle Ave (411)

**Requested Variance:**

1) a front yard (west) setback variance from 50 feet to 23.4 feet for the enclosure of an existing garage and a new addition on the north side of home and 2) a front yard (south) setback variance from 50 feet to 23.55 feet for the enclosure of an existing garage in A-1 (Agriculture) district.

Approval was sought to enclose an existing garage and construct and addition within the setbacks. One or more of the six criteria under the Land Development Code for granting a variance have not been satisfied. The applicant still retains reasonable use of the property without the granting of the requested variance.

The requested development approval is hereby denied.
