(District 1 – Comm. Maloy)

(Jeff Hopper, Senior Planner)

BACKGROUND:

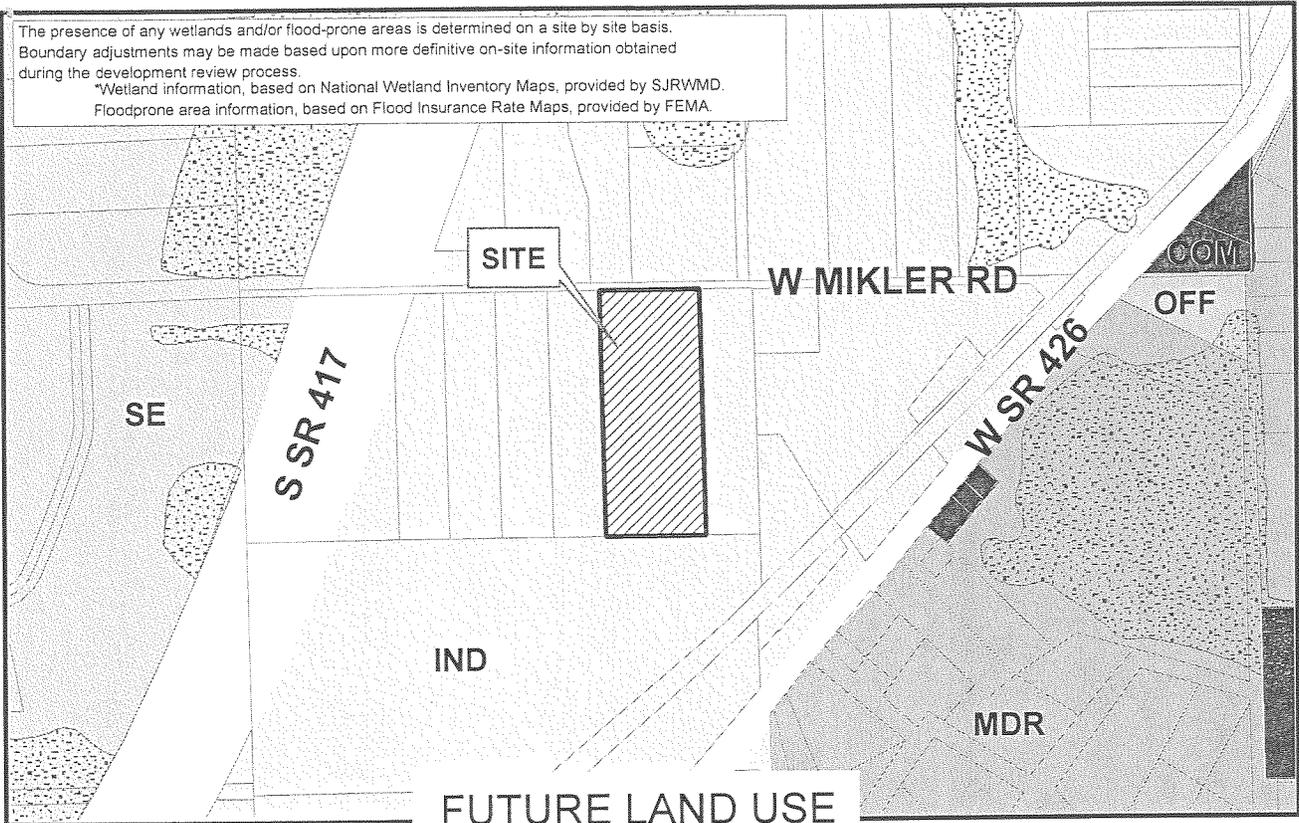

The applicant intends to construct a 2,500 square foot workshop building for the purpose of conducting a metalworking business. The future land use designation of the site is Industrial per the Vision 2020 Plan, and staff has determined that the proposed use can be accommodated in the C-3 Commercial District.

STAFF RECOMMENDATION:

The requested rezone is consistent with the Industrial future land use designation as established by the Vision 2020 Plan. Staff recommends APPROVAL.

FILE NUMBER	Z2004-008
COMMISSION DISTRICT	District 1 (Maloy)

OVERVIEW

Zoning Request: The applicant intends to construct a 2,500 square foot workshop building for the purpose of conducting a metalworking business. Although the future land use designation of the site is Industrial per the Vision 2020 Plan, staff has determined that the proposed use can be accommodated in the C-3 Commercial District. Mr. Smith's business activity consists of welding relatively small objects, such as stairway railings, for use in construction. He is proposing an open-air shop building, which is allowed in C-3. Building code and site design issues, such as fire safety and vehicular access, will be addressed in the Site Plan Review process subsequent to the rezoning.

Existing Land Uses: The existing zoning designations and land uses are as follows:

	Zoning	Future Land Use	Existing Land Use
North	A-1	Industrial	Single Family
South	A-1	Industrial	FDOT Maintenance Facility
East	A-1	Industrial	Single Family
West	A-1	Industrial	Vacant

For more detailed information regarding zoning and land use, please refer to the attached map.

SITE ANALYSIS

Facilities and Services:

1. Adequate facilities and services must be available concurrent with the impacts of development. If required by the concurrency review, additional facilities and services will be identified.

2. The proposed zoning is consistent with the adopted future land use designation assigned to the property, and does not alter the options or long range strategies for facility improvements or capacity additions included in the Support Documentation to the Vision 2020 Plan.
3. Seminole County will provide water service to the site.
4. Information on stormwater capacity and outfall will have to be provided prior to Final Site Plan approval.

Compliance with Environmental Regulations: At this time there are no concerns regarding compliance with environmental regulations.

Compatibility with surrounding development: The proposed C-3 zoning classification is compatible with the surrounding existing uses.

STAFF RECOMMENDATION

Staff recommends APPROVAL of the request.
