---	---

As we discussed last week, the above project is currently scheduled for the following public hearing dates:

- 1) September 1, 2004 - Planning and Zoning (PUD Amendment); and
- 2) September 28, 2004 - County Commission (PUD Amendment and NOPC).

Ken Wright in my office has a conflict with the September 1, 2004 Planning and Zoning date and therefore I am respectfully requesting that the above items be continued until the following meeting dates:

- 1) October 6, 2004- Planning and Zoning (PUD Amendment); and
- 2) October 26, 2004 - County Commission (PUD Amendment and NOPC).

Please contact me should you have any questions regarding the above request.
