LAND PLANNING AGENCY/PLANNING AND ZONING COMMISSION
AGENDA MEMORANDUM

SUBJECT: Greenway South PUD, rezone from A-1 (Agriculture District) to PUD (Planned Unit Development District), Charles W. Clayton, Jr., Applicant

DEPARTMENT: Planning and Development **DIVISION:** Planning

AUTHORIZED BY: Matthew West **CONTACT:** Tony Matthews **EXT.** 7936

Agenda Date 02/02/05 Regular Work Session Briefing
Special Hearing – 6:00 Public Hearing – 7:00

MOTION/RECOMMENDATION:

1. Recommend approval of the proposed rezoning from A-1 (Agriculture District) to PUD (Planned Unit Development District) and PUD preliminary master plan on approximately 23 acres located at the southwest corner of SR 417 (Central Florida GreeneWay) and SR 426 (Aloma Avenue), with staff findings and attached development order, Charles W. Clayton, Jr., Applicant; or
2. Recommend denial of the proposed rezoning from A-1 (Agriculture District) to PUD (Planned Unit Development District) and PUD preliminary master plan on approximately 23 acres located at the southwest corner of SR 417 (Central Florida GreeneWay) and SR 426 (Aloma Avenue), Charles W. Clayton, Jr., Applicant; or
3. Continue this item to a date and time certain.

(District 1 – Commissioner Dallari) (Tony Matthews, Principal Planner)

BACKGROUND:

The Applicant is requesting PUD approval for a commercial development which would allow uses within the OP (Office District), C-1 and C-2 (Retail Commercial District) zoning classifications on approximately 23 acres (see enclosed PUD preliminary master plan). This property has a future land use designation of Higher Intensity Planned Development-Transitional, which requires rezoning to PUD or PCD prior to development.

STAFF RECOMMENDATION:

Recommend approval of the proposed rezoning from A-1 (Agriculture District) to PUD (Planned Unit Development District) and PUD preliminary master plan, with staff findings and attached development order.

REQUEST INFORMATION	
APPLICANT	Charles W. Clayton, Jr.
PROPERTY OWNER	Greenway South Property, LLC, c/o Charles W. Clayton, Jr.
REQUEST	Rezone from A-1 (Agriculture District) to PUD (Planned Unit Development District) for a commercial development which would allow uses within the OP (Office District), C-1 and C-2 (Retail Commercial District) zoning classifications on approximately 23 acres
HEARING DATE(S)	LPA/P&Z: February 2, 2005 BCC: February 22, 2005
SEC/TWP/RNG	31-21-31-501-0000-0100
LOCATION	Southwest corner of SR 417 (Central Florida GreeneWay) and SR 426 (Aloma Avenue)
APPROXIMATE SIZE	23 acres
FUTURE LAND USE	Higher Intensity Planned Development-Transitional
ZONING	A-1 (Agriculture District)
FILE NUMBER	Z2004-065
COMMISSION DISTRICT	District 1 - Dallari

OVERVIEW

Zoning Request: The applicant is requesting PUD approval for a commercial development which would allow uses within the OP (Office), C-1 and C-2 (Retail Commercial District) zoning classifications on approximately 23 acres. The plan proposes an estimated 266,650 square feet of office/commercial development. Staff recommends that off-site signage (billboards), mechanical garages, paint and body shops, contractor's equipment storage yard, drive-in theaters, adult entertainment, and parking of semi-tractor trailer and/or cargo trailer boxes outside the course of making ordinary deliveries be prohibited on this site.

Existing Land Uses: Abutting uses, future land use designations and zoning classifications are as follows:

Location	Future Land Use	Zoning	Existing Land Use
Site	Higher Intensity Planned Development-Transitional	A-1	Vacant; inactive citrus grove
North	Higher Intensity Planned Development-Transitional	PUD	Vacant; approved for mixed use
South	Low Density Residential	PUD	Vacant ; approved for single family
East	Low Density Residential (across SR 417)	A-1	SR 417
West	Higher Intensity Planned Development-Transitional	PUD	Vacant; approved for townhomes

For more detailed information regarding zoning and land use, please refer to the attached map.

STAFF ANALYSIS

Facilities and Services: Adequate facilities and services must be available concurrent with the impacts of development. If required by the concurrency review, additional facilities and services will be identified. The applicant has opted to defer concurrency review at this time.

The proposed PUD zoning is consistent with the adopted future land use designation of Higher Intensity Planned Development-Transitional assigned to the property, and does not alter the options or long range strategies for facility improvements or capacity additions included in the Support Documentation to the Seminole County Comprehensive Plan (Vision 2020 Plan). The request is consistent with Plan policies identified at this time.

Transportation:

Access to the site is via 426, a 4-laned minor arterial roadway currently operating at level of service D. Based on the agreement between the Florida Department of Transportation and the property owners of this site, a signalized full access intersection on SR 426 shall be installed.

Water and Sewer Service:

The site is served by Seminole County Utilities.

Compliance with Environmental Regulations: There is an eagle's nest #SE 044 is located within one (1) mile of the site. A letter from the Florida Fish and Wildlife Conservation Commission is required stating any special requirements for the development of this site. At this time there are no additional concerns regarding compliance with environmental regulations.

Compatibility with Surrounding Development: The proposed use would be compatible with surrounding uses. PUD zoning, with development conditions, can ensure compatibility with surrounding uses.

STAFF RECOMMENDATION:

Recommend approval of the proposed rezoning from A-1 (Agriculture District) to PUD (Planned Unit Development District) and PUD preliminary master plan, with staff findings and attached development order conditions as follows:

1. Permitted uses and special exception uses within the OP (Office District), C-1 and C-2 (Retail Commercial District) zoning classifications shall be allowed within the PUD development with the exception of off-site signage (billboards), mechanical garages, paint and body shops, contractor's equipment storage yard, drive-in theaters, adult entertainment establishments, and parking of semi-tractor trailer and/or cargo trailer boxes outside the course of making ordinary deliveries.

2. Based on an existing agreement between the Florida Department of Transportation and the property owners of this site, a signalized full access intersection on SR 426 shall be installed.
3. A stormwater permit from the Seminole County Expressway Authority and/or Florida Department of Transportation is required for discharge of drainage to the SR 417 right-of-way or hold the 100-year, 24-year storm event onsite.
4. Prior to Final Engineering Approval, the Owner and County staff shall assess the feasibility of utilizing traffic-calming devices along Deep Lake Road.
5. Execute and maintain an agreement with the property owner to the west regarding a joint access road to SR 426, prior to PUD final master plan approval. Said agreement shall include, but not be limited to, the following issues:
 - a. Provision of utilities such as water and sewer specifying location, sizes and capacity to serve on each side of Deep Lake Road.
 - b. Aligning Deep Lake Road the proposed driveway for the development on the north side of SR 426 (Greenway Center North).
 - c. Specifying driveway locations along the Deep Lake Road for access to the proposed development.
6. Landscaping and lighting shall be consistent with the standards of the Lake Mary Boulevard Overlay Ordinance, except that lighting height shall be limited to 16 feet.
7. Install a minimum 25 foot landscape buffer along the eastern property line abutting the Central Florida GreeneWay (SR 417) with planting requires to be determined at time of PUD final master plan.
8. Mechanical units shall be located and/or screened so as not to be visible from SR 426 or abutting residential uses.
9. Outdoor lighting adjacent to the north property line along SR 426 and adjacent to residential uses shall be limited to decorative lighting affixed to the front of buildings. Security lighting with motion sensors shall be permitted on any part of the site.
10. Maximum permitted building height shall be 35 feet.
11. Maximum Floor Area Ratio (FAR) shall not exceed 0.35 FAR.
12. Development shall connect to Seminole County water and sewer service.
13. Provide a minimum 50 foot building setback, minimum 25 foot landscape buffer and a six (6) foot high brick or masonry wall along the western property line of the site abutting residential uses within the Deep Lake PUD to the west and along the south property line abutting the South Tuskawilla Road Property/Aloma Development LLC. Landscaping along the wall shall consist of eight (8) canopy trees a minimum of 2 1/2 inches in diameter measured one (1) foot above ground every 100 linear feet.
14. Install sidewalks to connect building entrances and sidewalks in right-of-way.
