BACKGROUND:

The Vantage Point PCD Developer's Commitment Agreement and Final Site Plan were approved by the Board of County Commissioners on August 22, 2006. The approval was for 100,000 square feet of office and warehouse space. The original approval limited the development to 31,600 square feet of office and 68,400 square feet of

Reviewed by: Co Atty: <u>KFT</u> DFS: _____ OTHER: _____ DCM: _____ CM: _____ File No. <u>Z2007-22</u>

warehouse uses. The Vantage Point PCD allows for uses within the C-3 (General Commercial and Wholesale) zoning district with the following exceptions: automobile sales, car wash, hotels and motels, mobile homes and recreational vehicle sales, paint and body shops, theaters and service stations shall not be permitted.

At this time, the applicant is requesting to increase the maximum square footage from 100,000 square feet to 106,229 square feet and increase the allocation of office from a maximum of 30% to 50%. The following table depicts the differences between the original approval and the current proposal (strikethroughs are the original approval, underlines are the current proposal)

<i>Building</i>	<i>Office</i>	<i>Warehouse</i>
#1 and #2	17,200 s.f. <u>24,000 s.f.</u>	34,800 s.f. <u>24,000 s.f.</u>
#3 and #4	14,400 s.f. <u>24,880 s.f.</u>	33,600 s.f. <u>33,349 s.f.</u>
Totals	31,600 s.f. <u>48,880 s.f.</u>	68,400 s.f. <u>57,349 s.f.</u>

The Development Order and Developer's Commitment Agreement stipulate that an increase in the allocation of office uses would require an amendment to the PCD to ensure sufficient parking. The applicant is proposing an additional 17,280 square feet of office uses and a decrease of 11,051 square feet of warehouse uses. The Seminole County Land Development Code (SCLDC) requires a minimum of 283 parking spaces for the development. The applicant proposes to construct 286 parking spaces, satisfying the SCLDC parking requirements.

Additionally, the applicant is requesting shoe-box cut-off style outdoor lighting 25 feet in height. The Development Order limits the outdoor lighting to 16 feet in height. SCLDC Section 30.1234, Outdoor Lighting Requirements, allow properties zoned for industrial uses that are located greater than 200' from a residentially zoned property the ability to have light poles 25 feet in height, provided that they are cut-off fixtures. The subject property is located approximately 400 feet from the closest residentially zoned property.

The applicant is requesting to modify the timing of required improvements for Monroe Road. Currently, the Developer's Commitment Agreement requires the applicant to install a left turn lane if Seminole County has not commenced construction on Monroe Road. The applicant is proposing to modify the timing of required improvements for Monroe Road if Seminole County has not commenced construction. The applicant desires to change the current timing of required improvements from prior to the Certificate of Occupancy being issued to no later than 18 months after the Certificate of Occupancy has been issued. The applicant proposes to provide a letter of credit ensuring the completion of the required improvements. Seminole County is scheduled to start construction on the Monroe Road improvement in January 2008. The Seminole County Public Works Department has no objection to the applicant's request.

Also, the applicant desires to remove a condition of approval which requires cross-access to the northern property (Monroe Commerce Center), if feasible. Cross-access was not required during the time of Final Site Plan approval, due to lack of an existing cross-access easement for the northern property and traffic circulation concerns.

All other conditions of approval will remain the same.

STAFF RECOMMENDATION:

Staff recommends APPROVAL of the Vantage Point PCD Major Amendment, Revised Preliminary Master Plan, rezoning ordinance from PCD to PCD, Revised and Restated Development Order, Final Site Plan and Revised and Restated Developer's Commitment Agreement for the Vantage Point PCD, consisting of 9.38 ± acres, located on the southwest corner of the intersection of Monroe Road and Maronda Way
