Brian Walker, Senior Planner

**Cynthia Sweet, Development Review** – presented this item on behalf of Brian Walker and stated that the applicant is requesting approval for three lots.

Staff recommends approval of the request subject to the dedication of a drainage easement.

**Commissioner Brown** – would access be from Wichita Street on the northeast?

**Ms. Sweet** – they have access on Wichita, which is a public road; but from her notes, it looks like the applicant will probably use Van Arsdale as their access. However, they have the right to use Wichita if a paved road is approved on Wichita.

**Commissioner Brown** – is Wichita a paved road?

**Commissioner Wolf** – no, the only paved roads are Van Arsdale and Florida.

**Commissioner Chase** – what about the drainage easement?

**Ms. Sweet** – on Lot 2 and a portion of the north east corner of Lot 1, there is an existing creek and we want an easement over there for our access.

**Commissioner Wolf** – this is going to be for a subdivision?

**Ms. Sweet** – right now it is family owned property and they only want one more lot to make it a buildable lot.

**Commissioner Wolf** – is this to allow the existing properties to meet code or so they can put another house on the property?

**Ms. Sweet** – to meet code for one lot and to build a new home. There are already two homes, Lot 1 and Lot 2.

**Commissioner Wolf made a motion to recommend approval of this request.**

**Commissioner Day seconded the motion.**
