NEW BUSINESS:

Villeneuve Parcel

The committee conducted a visual inspection of this parcel from adjacent County owned land. The criteria were reviewed and calculated and a final score of 47 was given. Special considerations included:

- Frontage on Osceola Rd. which would enable better signage and visibility for the site.
- The boundary issues that could impact access to the site by blocking Osceola Fish Camp Rd.

Gallagher Site

Jim passed out copies of the application and information on this site. The committee decided they would like to do a site visit for the March meeting to further review the site.

OLD BUSINESS:

Mark reviewed each goal and gave a status. Barbara explained the 501C3 subcommittee was working on language and would report back to the larger committee in approximately two months. Mark state that many committee members had volunteered at the Air Potato Raid and would continue to volunteer at future events.
