NEW BUSINESS:

Mark Brandenburg opened with a discussion on the purpose of the day's meeting. The committee would revisit the list of prospective properties for purchase that had been developed a year or so ago and further refine the areas/parcels to focus on. Each County Wilderness Area was brought up on Google Earth with the boundaries indicated. Each prospective parcel adjacent to these were reviewed and considered as well as some new parcels. Consensus was reached on 12 parcels adjacent to the Geneva, Lake Proctor Wilderness Areas, Wilson's Landing, Spring Hammock and Lake Jesup Wilderness Area. These will be presented to the Leisure Services Advisory Committee with the intent to focus any future land acquisition efforts on these parcels first.
