**Approval of April & May Meeting Minutes – Approved** **7:35AM**

**Old Business:** **7:40AM**

Update on Trails Map – GIS map is in place on website. Simple google map is being created for ease of navigation.

Update on Construction Projects – Bryan discussed various projects being managed by the Engineering Division.

**New Business:**

Discuss Economic Impact of Trails Study – Group discussed a Trail study that is being offered by the East Central FL Planning Council. They all agreed that it would be beneficial so long as the information that is gathered is specific to Seminole County. Some differences from the Orange County study could include focusing on Corporate support of trails or walkable communities for both relocation and employee prospecting and niche marketing for tourism.

Mike also brought up trail safety at crossings and discussed the possibility of hawk lights indicating to trail users that vehicles were on the road. The group discussed the idea. No action.

**Adjourn** **8:30 am**
