The meeting was called to order at 7:30 a.m. and the minutes for May 2012 were approved.

NEW BUSINESS:

1. Committee will be discussing Lake Mary for July's meeting. Oviedo in August, Casselberry in September with bike lane overlay throughout the County.
2. Discussed requesting wide sidewalks as part of development behind the nursing school in Altamonte Springs. This would connect the Seminole Wekiva Trail to Maitland Center.
3. Discussed adding roadside bike lanes to plan. Committee decided to concentrate on sidewalks and trails first.
4. Mr. Carpenter provided a map of proposed trails for the City of Winter Springs. Propose to put in directional signs to featured destinations throughout the city. Would like to see the powerline easements used as spurs for the Cross Seminole Trail. Committee may propose to look at signals on Broadway to Winter Springs Boulevard and widening sidewalks to at least 8 feet. Need wider sidewalks along Tuskawilla and heading west on Red Bug Road.
5. Committee requested Brett Blackadar attend the July meeting to discuss the penny sales tax.
