

**SEMINOLE COUNTY LEISURE SERVICES ADVISORY
COMMITTEE/TRAILS, BLUEWAYS AND BIKE PATHS SUBCOMMITTEE
MINUTES OF MEETING January 9, 2013**

ATTENDANCE:

Members:

Bob Goff,
Tom Boyko

Staff:

Sherry Williams, David Martin

Guests:

Pete Brewer, Todd Moderson

LOCATION:

SC Softball Complex

TIME:

7:30 a.m.

The meeting was called to order at 7:33 a.m. and the minutes for November 2012 were approved.

NEW BUSINESS:

1. Discussed emergency location signs with Seminole County Sheriff's Office (SCSO). One officer requested that the signs be more aesthetically pleasing. Subcommittee supports the look of the existing signs, safety being more important than aesthetics.
 - a. All signs should be standardized – signs should be on both paved and unpaved trails (perhaps place signs between existing mile markers on paved trails).
 - b. Subcommittee requested that Steve Maxwell, from Public Safety, make a brief presentation on the signs that he has installed and any future plans.
 - c. Subcommittee strongly recommends coordination between Leisure Services, Public Safety and the SCSO on any future emergency location sign placement.
 - d. Trails subcommittee requested crime statistics report sent to them (from Sherry Williams via Todd Moderson).
 - e. Discussed video surveillance at trailheads. May be too costly, this can be evaluated by the SCSO. Trails subcommittee requests SCSO look into pilot project with surveillance camera at one trailhead.
 - f. Trails subcommittee will include approximately \$250,000 for maintenance and dedicated SCSO trails patrols and an additional \$250,000 for marketing of the trails when submitting proposed budget for trails masterplan.
 - g. Trails subcommittee would like to see an App developed for trails (part of marketing)
 - h. Annual budget for trails will consist of maintenance, security and marketing.
 - i. Trails subcommittee supports having officers dedicated to patrolling trails.

2. There will be no subcommittee meeting in February.

3. Bryan Kirby will present to subcommittee in March.
