New Business: 7:10PM

- **Passive Environment Park at Black Hammock on Lake Jesup –**
Board of Adjustment Action. The questions that we may want to address are:
 1. Should we ask the BCC to revise rules to assure that Leisure Services is notified when applications like this are moving through the system?
Planning stated that they never thought of contacting Leisure Services.
Joe Abel was unaware of the application.
 2. Should there be definitions of “passive parks” in Seminole Code?
 3. Should there be an expansion of recreational activities on Lake Jesup when the County closed their boat ramp at that location?
 4. Should a non-conforming recreational/commercial usage be allowed to Expand on adjacent property?
 5. Is this an issue for PPAC? Note that this is the third zoning issue concerning an increase of controversial commercial recreational activity that has come before the BCC in recent years (Geneva, Wekiva River, now Lake Jesup).
