**Guest Presentation / Blueways Discussion**

- Deputy Sheriff Pete Brewer, SCSO – Gave update that Econ River GPS coordinates are on Wikiloc website. Consensus was to get this information on the Seminole website. The Committee recommended looking at Lake County Blueways website and incorporate similar information onto the Seminole County Website. Staff replied that they would investigate the possibility.
  - Defined Blueways discussed: St. Johns River, Econ. River, Lake Jesup, Casselberry, Wekiva and Rock Springs. It was noted that Casselberry and Wekiva / Rock Springs are in different jurisdictions but flow into Seminole County. Potential here to provide link to their websites.
  - Committee consensus was to establish blueway markers every ½ mile. Sheriff's office desires to. Staff will need to investigate an execution strategy. Particularly important in tall grass / vegetated areas.
  - Mr. Goff stated to include / depict parks, public amenities along routes.
  - Deputy Sheriff Brewer – note routes where paddle watercraft are only allowable vessels.
  - Mr. Kirby – Show better the distances between certain points for both blueways and trail systems. Show GPS on maps for blueways and note where to access.
  - Committee wants to list private access to blueways such as King's Landing and Wekiva Island. May make sense to show link on website.
  - Mr. Martin – some smaller blueways need cleanup to make more passable such as Little Wekiva.
